Daily Playbook

Market Posture

- Market posture: **DEFENSIVE** — majority of tracked assets trend bearish
- Favor short setups, put spreads, or reduced long exposure
- Look for oversold bounces only with strong catalyst confirmation
- Consider hedging existing long positions with protective puts

Economic Events to Watch

- No major economic events on calendar for today

Risk Management Reminders

- Maximum 1-2% of portfolio risk per trade
- Always set stop-losses before entry — no exceptions
- Confluence signals increase probability but do not guarantee outcomes
- Position size based on stop distance, not conviction level
